

MOISTURIZING CREAM

IDEAL FOR EVERY SKIN TYPE AND AGE. ITS COMPOSITION IS BASED ON AN INNOVATIVE FORMULA ENSURING QUICK ABSORPTION, ADEQUATE HYDRATION, AND RADIANCE OVER TIME.

Daily treatment cream that reduces skin dryness and helps restore the skin's natural hydrolipid balance.

The gentle and exclusive cream texture counters skin aging and rapidly enhances beauty through the action of its active ingredients.

This facial cream boasts a vitamin rich combination of top-quality active ingredients and protects against DNA damage due to exogenous stress and environmental pollution, a major cause of premature skin aging.

HOW TO USE IT

Each morning and evening, after an accurate cleansing, apply the hydration cream across your face, massage until it absorbs completely.
